

Dear Jesse,

April 30, 2010

Thank you very much for your very entertaining and educational program last night for the grand opening of our new Spanish language and bilingual library collections.

Everyone clearly enjoyed themselves including myself.

You've put together a very nice program that allows everyone to participate and to learn about the popular and traditional songs of a variety of nations and additional information about those countries.

Your playing and singing are a pleasure.

We hope to have you return for programs in the future.

We will email you the photos taken during the program and, as soon as I can get the paperwork done, I will send an order for the DVDs.

Thank you again.
